

Carrier/PIC Freeze

This form is signed authorization for diversiCOM Melrose Telephone Company to implement a Carrier/PIC Freeze on the below listed telephone number(s).

A Carrier/PIC Freeze prevents a change in a subscriber's carrier selection without consent of change. A Carrier/PIC Freeze can be placed on your line for either interlata, intralata or both. By signing this form I understand that this Carrier/PIC Freeze will restrict any long distance carrier from changing my long distance without my knowledge. I also understand that should I decide to change my long distance carrier I will need to notify diversiCOM Melrose Telephone Company to temporarily lift the Carrier/PIC Freeze so that the long distance change can take place. After the change takes place the Carrier/PIC Freeze will be placed on my line again if I so desire.

Please check the selection for the lata you would like the Carrier/PIC Freeze on:

_____ INTER and INTRA
(all long distance - long distance inside and outside the 320 area code)

_____ INTER
(long distance outside the 320 area code)

_____ INTRA
(long distance inside the 320 area code)

Telephone numbers you would like the Carrier/PIC Freeze placed on:

_____-_____-_____- _____-_____-_____- _____-_____-_____-
_____-_____-_____- _____-_____-_____- _____-_____-_____-

There is no charge to add a Carrier/PIC Freeze.

Please sign and return this form to our office.
